DETAILED ACTION

This action is in response to amendment filed 10/20/2006. Claims 1-33 are pending.

Allowable Subject Matter

Claims 1-33 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-33 are neither anticipated nor made obvious by the prior art of record.

In regard to claims 1 and 18, the prior art fails to disclose a lithographic projection apparatus and method as set forth in combination with a liquid supply system that provides a liquid in a space between the projection system and a substrate; and a measurement system which measures the location of a plurality of points not through the liquid, and the measurement system is configured to apply, when appropriate, a correction to a measurement made not through the liquid to account for the liquid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
